27
SEPT'24

FRIDAY : The Arrival

Day one : where we stumble in, wide-eyed and ready to make memories (and minor fashion disasters)

SATURDAY : The Adventure

Day two : where we dive into the deep end of fun and find ourselves lost in a sea of new experiences

28
SEPT'24

29
SEPT'24

SUNDAY : The Send-Off

Day three : where we say our bittersweet goodbyes, clutching our bags and a bit of heartache

IEEE PES Kerala Chapter

The IEEE Power & Energy Society (PES) is at the forefront of sharing technological advancements in the power and energy industry, setting key industry standards, and educating its members and the public. Established in 1999 with 12 members, the IEEE PES Kerala Chapter has expanded greatly. IEEE PES is a global, non-profit association of over 1500 industry professionals, academics, and students focused on the electric power energy industry.

Dedicated to fostering excellence in power engineering, the Kerala Chapter encourages collaboration, knowledge exchange, and skill enhancement. It organizes a variety of activities, including conferences, seminars, workshops, and networking events, providing a dynamic platform for members to stay updated on the latest developments in the power and energy sector.

Our mission is to be the foremost provider of scientific and engineering information on electric power and energy, contributing to societal improvement and serving as the top professional development resource for our members.

IEEE SB NCERC

The IEEE Student Branch at NCERC was revitalized on January 7th, 2021, with a ceremonial inauguration led by Susan Kathy Land, the IEEE President for 2021. Since its revamp, the branch has actively participated in numerous events and successfully hosted its own initiatives.

Our mission is to provide a platform for members to connect and collaborate with fellow professionals in their field, facilitating opportunities for knowledge sharing, skill development, and networking. By doing so, members stay updated on the latest technological trends and advancements, while also building valuable relationships with experienced professionals who can offer mentorship and support.

As part of the global IEEE community, the NCERC student branch is committed to inspiring young minds and leveraging technology for the betterment of society. Through our initiatives, we aim to foster innovation, creativity, and growth among our members, empowering them to make a positive impact in their chosen fields.

AK SC

All Kerala Power & Energy Society
Student Congress | 2024

The All Kerala Power & Energy Society Student Congress (AKPESSC'24) is the flagship event of the IEEE PES Kerala Chapter, organized in association with PES Student Branch Chapter NCERC Pambady. Scheduled for the 27th, 28th, and 29th of October 2024 at Nehru College of Engineering & Research Centre, this year's theme is "Energizing the Future." AKPESSC'24 aims to unite the Power and Energy Society volunteers from all student branches in Kerala. This event provides a platform for technical advancements and knowledge sharing, inspiring participants through a series of events, workshops, and networking opportunities.
